# BIG GAME HUNTING

**With more than 30 years of experience we organize and conduct custom made trips according to each hunter's request. That's why we can provide you with the best hunting trips available in Argentina.**

---

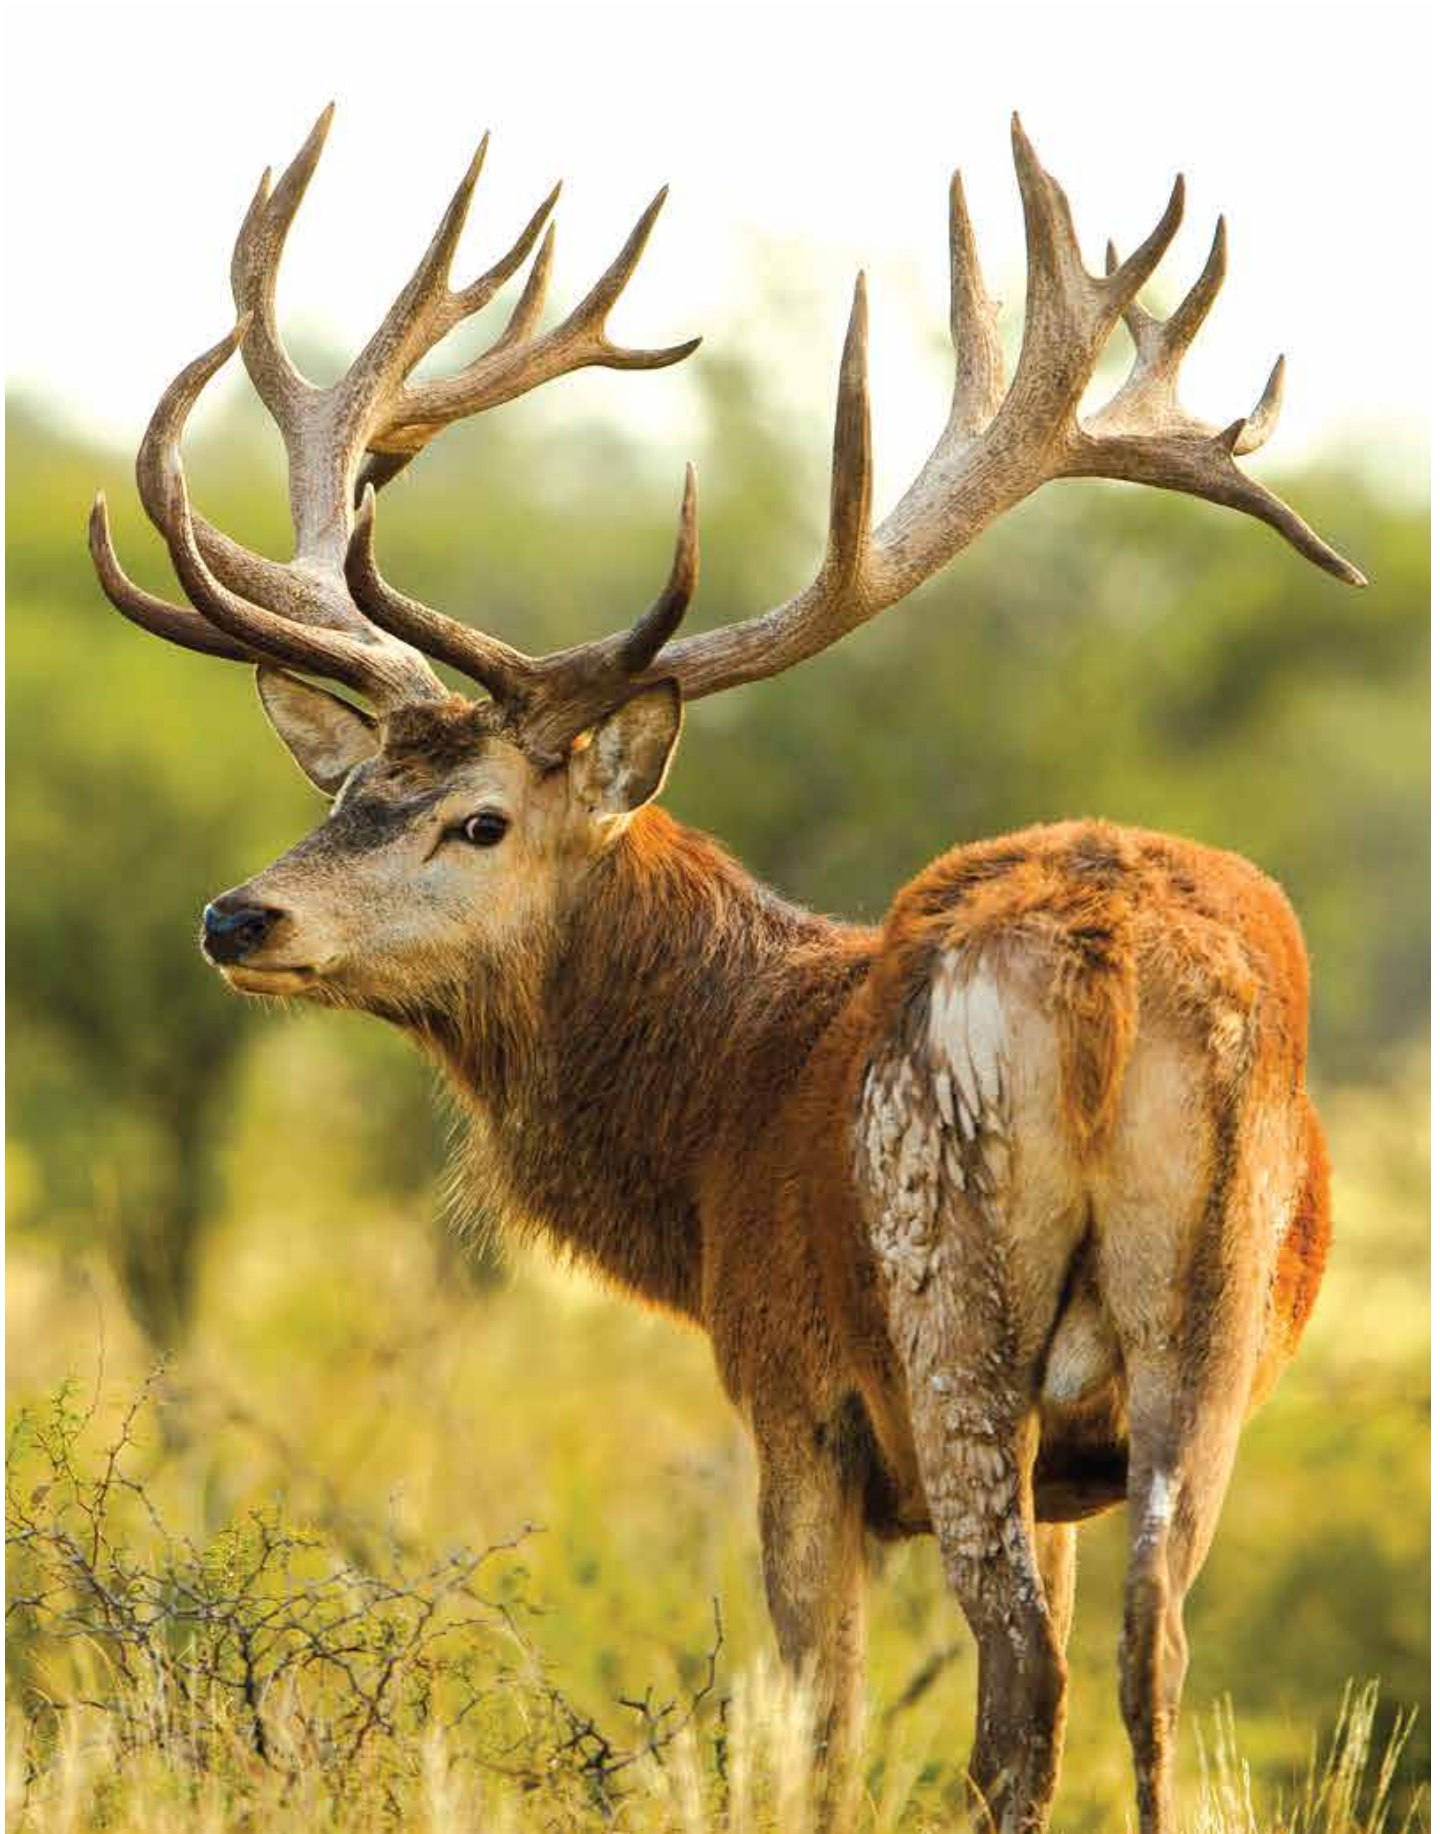

Big game hunting in Argentina is outstanding to say the least. Our trips are in the most traditional destinations of Argentina: the bush of La Pampa province and the mountains of Patagonia country where our big game hunting species were introduced more than a century ago. Game is amazingly abundant and herds are roaming wild in the vast territories of our hunting

areas. Their environments are very different but they have in common an incredible low population density which is perhaps the most remarkable feature of this remote corner of the world.

Our privately owned ranches deliver unforgettable hunting experiences that will bring you closer with game, nature and beautiful landscapes. We offer world class

accommodations, a modern fleet of vehicles, highly trained staff combined with warm hospitality, personalized treatment and very experienced guides. Our great trophy quality is the result of many years of a thorough game management. All together make of Argentina Big Hunting the best option for your next trip to this South American country.

# OUR BIG GAME LOCATIONS

---

**We hunt in the traditional destinations for free range red stag: the bush of La Pampa and the mountains of Patagonia.**

## **La Pampa Province.**

It is located in the center of the country at 450 miles from BA. Hunters must fly into Santa Rosa, the capitol city of this province. There is one daily flight by Aerolineas Argentinas. Its environment is flat and bushy so it doesn't demand special physical requirements. Dove shooting is also available here.

## **Patagonian mountains.**

Located in the South West

of Argentina in Neuquén province at 1100 miles from BA. Bariloche city, also famous as a touristic destination, is where hunters have to fly into. There are many daily flights over this airport by Latam and Aerolineas. Our ranches of this area are located in the high desert which is the transition between the high mountains and the Patagonian steppe. Fly fishing is also available here.

# LA PAMPA

---

**Come and enjoy great hunting & world class accommodations in the heart of the bush hunting area of Argentina.**

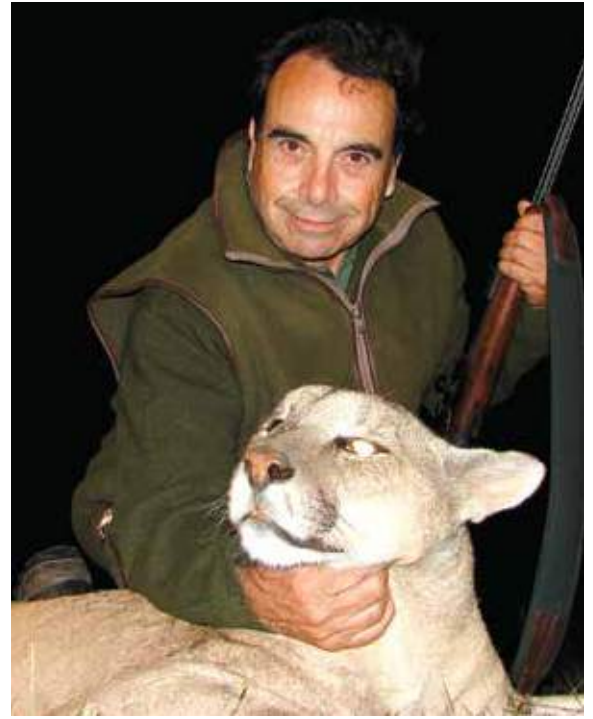

La Mota lodge resides in a 57,000 acres in one of the wildest regions of Argentina. It features nine double bedrooms with private bathroom in 10,000 sq.ft. construction. The lodge provides international gourmet cuisine, Wi-Fi, satellite TV, SPA, Gym, and all

the comfort required by the international standards.

Hunting in La Pampa is based on stalks by foot to approach the prey at close distance but still hunting from blinds is another way to hunt here. Beside red stag, this area offers more than 15 game species such as axis, fallow deer, blackbuck, mouflon, puma, rams, water buffalo, wild boar and so on. Dove shooting is also available here so we can combine big game & bird hunting in the same place.

# OUR BIG GAME LOCATIONS

# PATAGONIA

---

**Breathtaking landscapes, horseback rides in the mountains and great trophy hunts in a vast open country.**

Our ranches Algar and Calcatre features over 80,000 acres in the hills of Patagonia with superb lodging, outstanding food & wine and the warm friendly service provided by our attentive staff. Nine luxury suites with all the comfort is the total capacity of them.

Hunting can be conducted by horse or by 4WD vehicles. Spot and stalk for both riflemen and bow hunters from high vantage points is the most effective way to hunt.

Beside the best red stag quality of Argentina, we are proud to own the world's third largest population of Pere David's deer. We are the only company in the world that hunts them in free range. Main species are red stag, Pere David deer, fallow, Patagonian dall, Patagonian ram, Juan Fernandez goat and mouflon and others.

# THE HUNT

## **La Pampa and Patagonia: the best big game hunting destinations of South America.**

---

ABH gives you all the hunting options in our privately owned properties. Bush or mountain we have them all, providing the hunting expedition that suits to you.

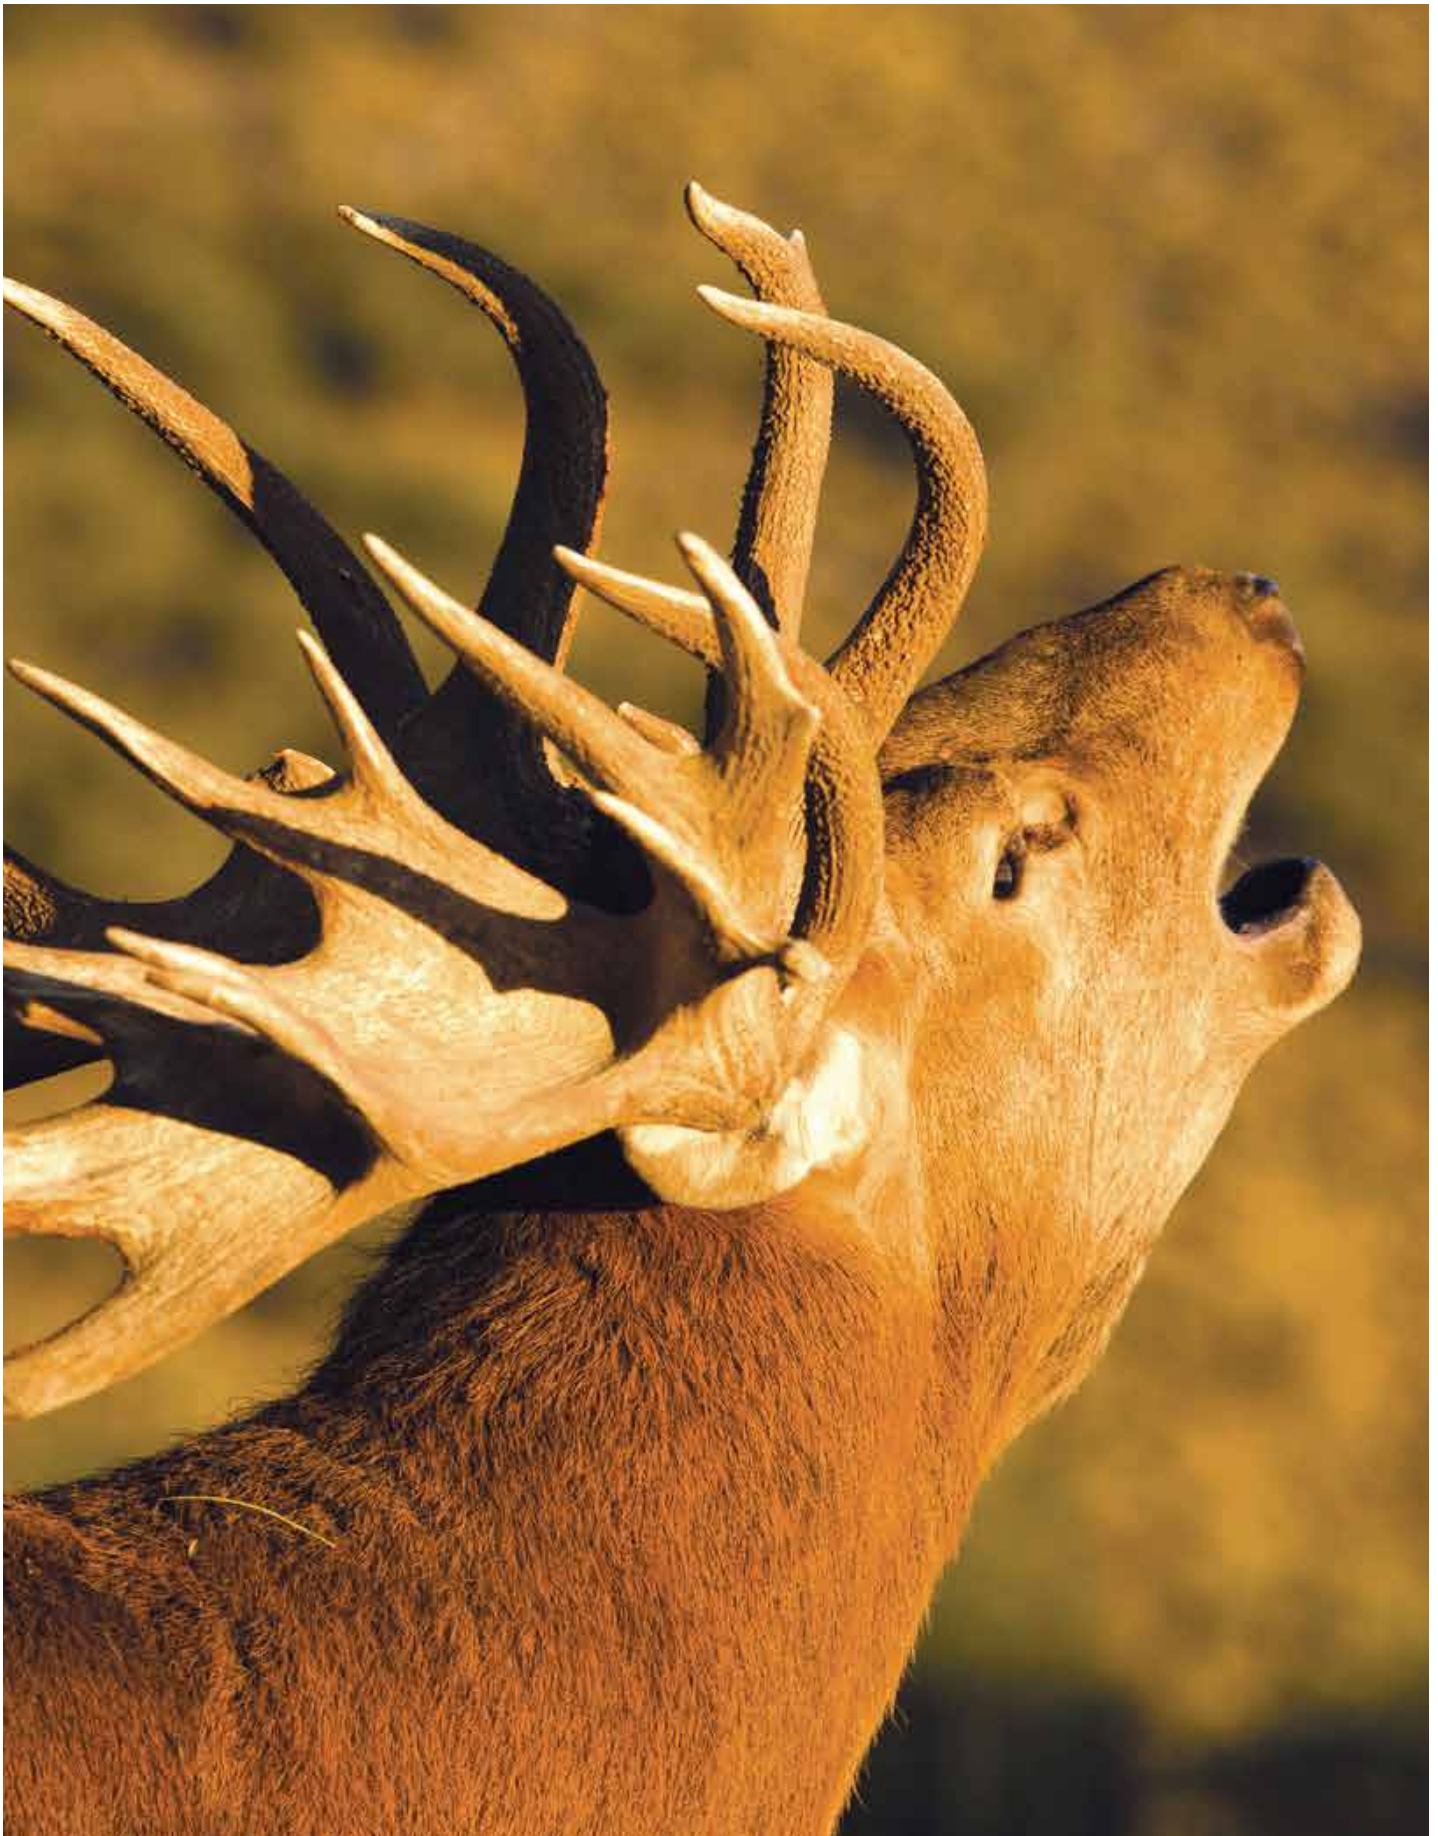

Stag and fallow deer hunting

season goes from March to July. The other species are open all year round.

We do spot and stalk, still hunting in blinds and more. Fully equipped 4WD trucks, good quality rifles and 1x1 guiding are always available.

Hunters will be escorted by an experienced guide, expert in the field and local game. Bow or rifle work the same for us.

# WING SHOOTING

**Argentina, simply the best bird hunting destination of the world.**

---

Argentina is the hunters' paradise with its wonderful landscapes, superb accommodations, great food, excellent wines and of course great bird hunts.

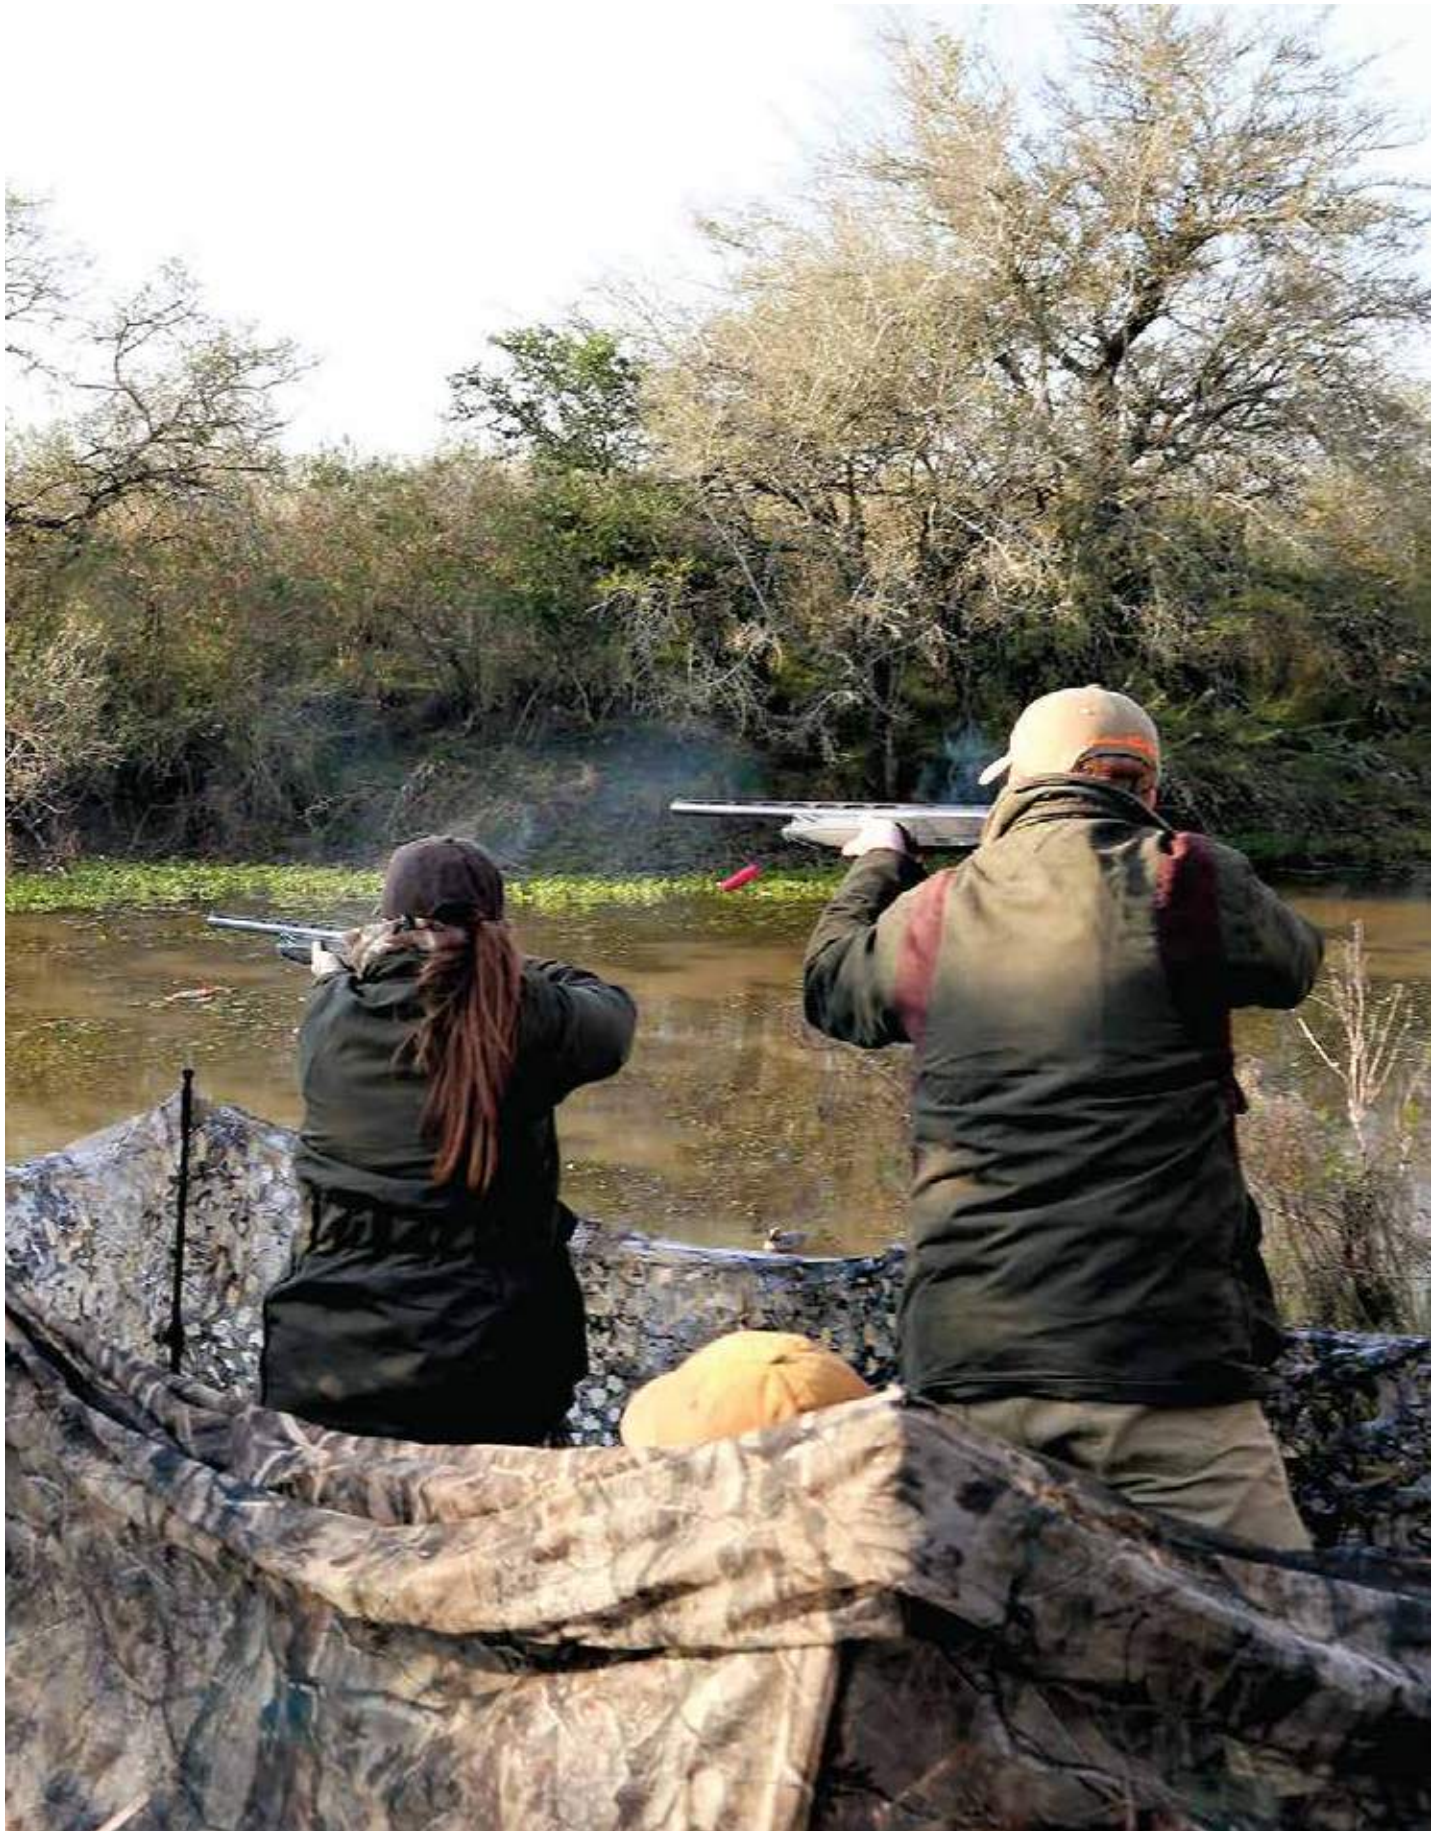

The big sown plains, the rivers

that furrow our land and the large extensions of bush in our area are the perfect habitat for the different species of birds that populate our country. Ducks, perdiz, doves & pigeons they are all in massive quantities as foreign hunter

can't imagine.

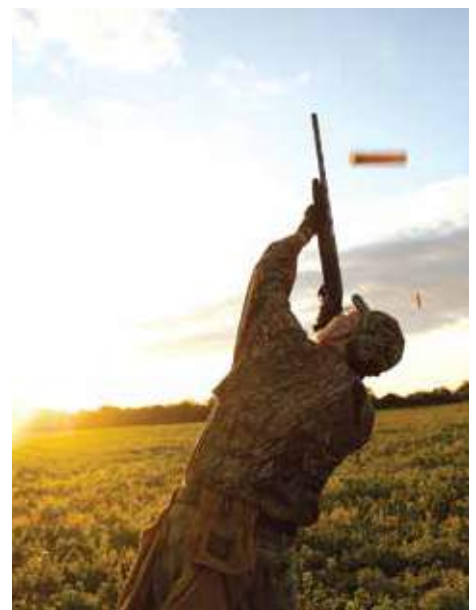

We offer the chance to hunt multiple species on a daily basis. During the season (May to August) hunters can shoot all of them together. Dove shooting is open all year round.

# OUR WINGSHOOTING & FISHING LOCATION

---

## We are proud to manage the closest high volume dove roosts from Buenos Aires

ABH's main wingshooting area is located in South East Entre Rios province where we manage a huge extension of land. This unbeatable destination is unique in the country because its proximity from Buenos Aires its prolific fauna and its unsurpassable environment. It is strategically located just two hours by car from BA so no

domestic flights are needed. Thus, hunters avoid all the hassles involved with it. That's why so many hunters have selected our lodge as their destination of choice: because it is very easy to get. Hunters save time, money and troubles when they hunt in our place.

Besides amazing dove shooting we are one of the few local companies that offer the rest of the species: ducks, perdiz, doves & pigeons in the same place. We shoot them in the true Argentinean way: high volume.

# CAST & BLAST

## GOLDEN DORADO

**Entre Rios province is one of the few regions in Argentina where sportsmen can combine fresh water's Golden Dorado fishing & High volume Dove shooting from the same lodge throughout the year.**

---

Everybody know about how good dove shooting is in Argentina. What not so many people know is that they can combine it with great fishing in the same place for Golden Dorado. It is a very aggressive fish with delicious meat that weights up to 70 pounds considered as one of the most exciting catches of South America by sports fishermen.

The cast & blast program

takes place in our wingshooting area of Entre Rios close to the Uruguay River, the natural border between Argentina and Uruguay. where we conduct our fishing excursions. This program basically consists of alternating dove shooting with fishing every day

The flagship lodge for this program is Santa Adela lodge, also our main

accommodation for bird shooting. It is a country house situated in the middle of an ancient grove which features ten double bedrooms with private bathroom. The lodge is elegant and charming with the touch of its old days but with all the modern comfort. It provides careful personal service, international gourmet cuisine, air conditioning, WiFi, phone service and easy access all year round.
